On-the-Job Training

Program: On-the-Job Training (OJT) is a program by which ACCES-VR can reimburse a new employee's salary for a mutually agreed upon length of time, contingent on the complexity of the job and the length of training time needed. The expected outcome is permanent employment.

Rationale: There are many jobs for which there are no formal training programs available. ACCES-VR recognizes these gaps in skills training and offers you, the employer, incentive to train a qualified candidate.

Benefit: Employers know their business and staffing needs. By using the OJT program, employers have the opportunity to train their staff precisely according to industry needs, while gaining a reliable and dependable employee.

OJT: You set the standards, you train, you gain a skilled employee

On-the-Job Training

- Employees can be part-time or full-time

The OJT process:

- ACCES-VR assists you to become a vendor in the NYS Fiscal System

- You provide the training as outlined in the agreement
